\* Alternate option requests (choose at least 2) = \_\_\_\_\_

Student Signature: \_\_\_\_\_ Parent Signature: \_\_\_\_\_

\* Note that while the above represents all possible courses that will be offered for next year, the school retains the right to not offer a course if insufficient requests are received or a staff member is not available who has the necessary credentials and experience to offer the course in an effective manner.

### Choosing Your Courses

- Grade 10 students should choose enough courses to fill all 16 blocks (8 per semester) - **Full course load required**
- Grade 11 students should choose enough courses to fill 15 blocks (7 blocks one semester and 8 the other)
- Grade 12 students should choose enough courses to fill 14 blocks (7 blocks in each semester)
  
- 5 credit courses will fill 2 blocks
- 3 credit courses will fill 1 block
- A typical grade 10 schedule will include: English, Science, Math, Social Studies, P. E., Calm (all which take up 11 blocks), and enough options to fill another 5 blocks plus at least two alternate option requests.

### Requirements for Receiving an Alberta High School Diploma

One credit represents '25 hours' of class time. For example, courses for which students receive 5 credits involve approximately 125 hours of instruction. Those for which they receive 3 credits involve between 65 and 75 hours of instruction. Math 10 and 13 are examples of five credit courses. Design Studies and Religious Ethics 20 are examples of three credit courses. To receive their 5 or 3 credits in these courses a student must attain a mark of at least 50%.

If you have written official music conservatory examinations for private music lessons, you may be eligible for credits for this training. Of course these credits would be "additional" to those you are pursuing through school courses. You should check with the Counselor about specific regulations or exceptions.

Courses are arranged in sequences such as Social Studies 10, 20, 30.

Students achieving a final mark of less than 50% may continue in the alternate route at the next grade level subject with the approval of the counsellor or principal. Students successfully completing this next grade level course earn credits for the course and for its normal prerequisite

To graduate you must have a minimum of 100 credits, including:

- English 30-1 or 30-2.
- Social Studies 30 or 33.
- Physical Education 10
- Mathematics 20, or 24 or Applied Math 20
- Sciences: a minimum of 10 credits
- CALM 20
- 10 credits from Career and Technologies or Fine Arts or Second Languages.
- 10 credits in any 30 level courses in addition to English and Social Studies

All students of Edmonton Christian School Senior High are required to achieve:

- 6 credits in Religious Studies
- 3 credits in CALM
